

Board of Education

Paul F. Diffley III Linda J. Lunn Nicolas Pardue Julie Vandegrift Nancy Young

Dr. Ward Andrus Superintendent

Dear Parents/Guardians/School Staff:

The Healthy School Act of 2000 was signed into law in September 2000 and requires that all schools provide school staff, parents, or guardians of students with annual written notification of expected pesticide/herbicide usage at school sites. The notification will identify the active ingredients in each pesticide/herbicide product and will include the internet address of the California Department of Pesticide Regulation (www.cdpr.ca.gov) for further information on pesticides/herbicides and their alternatives. This letter serves as the annual notification for the school year. Please review the attached listing of products that we expect to use.

Certain provisions of the law (record keeping, written notification, and posting) do not apply to pesticide/herbicide products used as self-contained baits or traps, gels and pastes used as crack and crevice treatments pesticides/herbicides that are exempt from regulation by the U.S. Environmental Protection Agency (EPA). The EPA exempts pesticides/herbicides from regulation if they contain certain active ingredients. These are primarily food grade materials such as mint oil, clove oil, or rosemary oil. The district plans to test various exempt products for effectiveness in the school year.

Parents, guardians, and staff may request prior notification of individual applications of non-exempt pesticides/herbicides at the school site. If you desire 72-hour notification prior to these treatments, please make an appointment with the Maintenance and Grounds Department to register for this notification at (951) 696-1600 x1167.

Arrangements will be made for you to visit and register with the department located at the District Support Center:

Murrieta Valley Unified School District
Maintenance and Operations Department
41870 McAlby Court
Murrieta, CA, 92562

Respectfully,
Vince Barone

MURRIETA VALLEY UNIFIED SCHOOL DISTRICT Landscape Structural Pesticide List 2024-25 School Year

ACTIVE INGREDIENT	APPLICATION PURPOSE
Pyrethrins, Piperonyl Butoxide, N-Octyl Bicycloheptene Dicarboximide	Insects
Indoxacarb	Ants
Dinotefuran; N-methyl-N	Insects
Dikegual-Sodium Dikegual-Sodium	Plant Growth Regulator
	White Grubs
	Insects
	Post Emergent Herbicide
	Rodents
	Pre-Emegent Herbicide Moquitos and Ticks
	<u> </u>
	Plant Growth Regulator
	Insects
	Gopher / Squirrel Control
	Insects
Sethoxydim	Perennial Grass
Petroleum Distillate	Perennial Grass
Dried Blood (Procine & Bovine)	Rabbits / Deer
Strychnine Alkaloid	Gophers
Fipronil	Ants
Fipronil	Ants
Hydramethylnon	Cockroaches
Imidacloprid, Warfarin	Insects
Bacillus Thuringiensis. Subspecies Israelensis. Strain SMP Solids. Spores & Insecticidal Toxins	Moguitos
	Insects
	Spreader / Activator
	Insects
	Insects
	Odor Control
	Weeds
	Insects
Cyano Methyl	Insects
Thiamethoxam	Ants
Chlorfenapyr	Termite / Insects
Imidacloprid, Warfarin	Insects
Manganese ethylenebis, Dithiocarbamate complex, ETU	Turf & Ornamental Fungicide
Geraniol Cinnamon Oil	Insects
Geranoil	Wasps & Hornets
Pyrethrins, Piperonyl Butoxide, N-Octyl Bicycloheptene Dicarboximide	Insects
Oryzalin	Pre-Emegent Herbicide
Oxadiazon	Pre-Emegent Herbicide
	Selective herbicide
	Tree Fungicide
	Fire Ants
	Pre-Emegent Herbicide
	Post Emergent Herbicide
	Pre-Emegent Herbicide
	Insects
	Insects
	Termites / Insects
B-Cyfluthrin Cyano	Insects
Cholecalciferol	Rodents
Fipronil	Termites / Insects
Disodium Octaborate Tetrahydrate	Wood Damaging Insects
Triciopyr	Pre-Emegent Herbicide
Triciopyr Deltamethrin	Insects
Deltamethrin	Insects
	Pyrethrins, Piperonyl Butoxide, N-Octyl Bicycloheptene Dicarboximide Indoxacarb Dinoterfuran; N-methyl-N Direboric Acid Glurosinate Armonnium Bromethalin (CAS #63333-35-7) 0.01% Direboric Acid Glurosinate Armonnium Bromethalin (CAS #63333-35-7) 0.01% Direboric Saysa-35-7) 0.01% Direboric Saysa-35-70 0.
