

# Dreams

Dr. Garvin

Andante (♩ = 80)

Dotted Half Note =  
3 counts of sound

Fingering Chart:

G = T 1 2 3

Notes that are "Tied Together" add their sounds to together:

In the first music line, the G is tied  $3 + 1 = 4$  counts of sound.

Does that happen again?

In the fourth music line, the G is tied  $3 + 2 = 5$  counts of sound.

At the end, the last G is held  $3 + 3 = 6$  counts of sound!
