2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Avaxat is the only AVID Elementary School in Murrieta Valley USD. Avaxat promotes a school wide system of curriculum and routines that support students in their academic success. We also provide an extraordinary education that cultivates each student's academic, emotional, and social potential and prepares children for a successful K-12 experience. Staff believes in teaching the "whole" child, which includes addressing students' emotional needs. An enriched learning environment leads to enthusiasm for learning and attending school daily. We encourage students to self-reflect and make positive choices. "Through our gates pass the greatest students in our world" is a belief that resonates throughout Avaxat. We continue to promote positive classrooms and digital environments through Positive Behavior Interventions and Supports (PBIS) education. We expect all students and staff to communicate effectively, and we teach students that they can develop lasting relationships by having a mutual respect for others and the environment.

Highlights & Achievements

- Avaxat students continues to show growth in both ELA and Mathematics through the i-Ready assessments.
- We are in our seventh year of implementing the AVID program which includes Transitional Kindergarten-Fifth grade.
- PTA is actively involved in Red Ribbon Week, Reflections, virtual book fairs, virtual Reading Nights, virtual Science Nights, as well as reward and incentive programs and virtual assemblies to enhance school and community spirit.
- Students are recognized for displaying good character and citizenship and for academic achievement throughout the year, both at formal assemblies and within the classroom.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Avaxat opened in 1987 and moved into its current facilities in 1993. The school has 40 classrooms, one multipurpose room, a library, three computer labs, administrative offices, a cafeteria, a staff lounge, and two play areas, one for kindergarten students and one designated for students in grades one through five. Childcare facilities for students in grades kindergarten through five are located on campus in a separate room.

We have ample space for the number of students enrolled at the school. At certain times during the school year the school may be at or near capacity. When that occurs, new students may be assigned to an overflow school in the district where classroom space exists.

The district's Facilities/Operational Services Departments provide upkeep, maintenance, and cleaning of district schools. Schools and rest rooms are cleaned daily and the principal works with the custodial staff to ensure a clean and safe school. Graffiti is removed as soon as it is discovered. District maintenance staff maintains landscaping on a regular weekly schedule.

Corrective and preventative maintenance are scheduled on a routine basis to keep the school in good repair and working order. Work order requests assigned through a computerized work order system ensure that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement
Our school community is purposeful in partnering with families for authentic engagement and feedback regarding the academic opportunities, behavioral health supports, enrichment activities and connections within our schools. At the district level, opportunities for parent engagement abound! This includes open participation in several parent advisory groups (African American Parent Advisory Council (AAPAC), Latino Parent Advisory Council (LPAC), District English Learner Advisory Council (DELAC), Special Education Parent Advisory Council (SEPAC), Career Technical and Education (CTE) Advisory Board, and Superintendent Advisory Councils. All district level parent advisory groups are held in a hybrid meeting format (in-person and virtual). This maximizes family/parent accessibility and participation. In addition to these district advisory groups, each school site implements in-person site specific opportunities for parent involvement. These opportunities include but are not limited to, School Site Council (SSC), PTA/PTSA/PTO, English Learner Advisory Councils (ELAC), and daily volunteer programs such as, Watch DOGs (Dads of Great Students), activity boosters, class and office volunteers and activity specific volunteer programs. At the elementary level, parents are encouraged to participate in as many on-site special events and schoolwide Friday Flag ceremonies.

2023-24 School Safety Plan

School safety is a high priority at our school. Administrators, teachers, and aides monitor the campus, supervise the students, and ensure a safe learning environment. School resource officers are available to respond to the school if assistance is needed. Avaxat is a closed campus that is fully fenced. The district holds regular safety meetings with our law enforcement partners, mental health providers, security personnel and administrators. Furthermore, our School Site Council (SSC) works on our Safety Plan throughout the year. We adopted a Comprehensive School Safety Plan that we review annually; our last review took place in February 2023, the Board of Education approved the plan on March 9, 2023. The plan is presented to all staff and parents. Additionally, in September of 2022, Avaxat staff attended an Active Shooter Training by District Staff where safety plans and emergency procedures were discussed. Throughout the school year, student assemblies and drills are held to address safety issues with students and staff.

All MVUSD schools prepare for emergencies, through regular evacuation drills and our Emergency and Disaster Preparedness Plan which aligns with the federal NIMS emergency system. The plan specifies procedures for dealing with fire, flood, earthquakes, lock downs, hazardous materials, disaster recovery organization, and student accountability following a disaster. In the event of an emergency or urgent situation, our school uses a computerized alert system powered by Parent Square, to immediately alert all families of an emergency via email, phone, text, and app.

Every school has video surveillance cameras strategically placed throughout campus. These surveillance systems serve as a deterrent to trespassers, vandalism, and other illegal activities and were updated districtwide this school year. The cameras are used by our School Resource Officers and school administrators to assist with investigations and discipline issues that occur on campus during the school day or after school hours. All guests and parent volunteers on campus are screened through the Raptor Visitor Management System, which runs the individual's identification through the California's Megan's Law database as well as all 50 states' sex offender databases. Guests without legal identification are not permitted on campus. Avaxat strictly enforces an anti-discrimination policy that prohibits harassment of students or staff based on race, gender, disability, religion, or sexual orientation.

At the time of this publication, several safety enhancements are in the beginning stages of implementation for the 23-24 school year: Parent ID Badges, Expansion of Raptor as an emergency management system and partnership with Murrieta Police on

Fiscal Year 2022-23 Types of Services Funded

Our district provides services and programs to meet the needs of our diverse student population and their families. We provide individualized core services such as robust academic options and enrichment activities to individual student growth assessments and services geared towards families such as before/after-school programming, athletic competitions, performing arts and mental health supports.

Each school is equipped with high quality teaching and administration staff and a support team comprised of a health technician, a school nurse, attendance clerk, aides, special education experts, nutrition services, and a mental health team including a psychologist who are available to meet with students and their families virtually and/or in-person. Additionally, our school has a full-time counselor focused on social-emotional management. Counselors teach guidance lessons; facilitate small groups on social skills, anger management, grief and loss, teamwork, conflict-resolution, and positive support strategies while in school. Each school also has a military liaison to support military connected family members.

Professional Development

Murrieta Valley USD implements professional development opportunities for all employees year round. In the 2023-24 school year, a strategic goal of the district was ‘Professional Growth’ for all employees. To this end was a purposeful effort in expanding and enhancing certificated training related to Professional Learning Communities (PLC), Inclusion and MTSS strategies to maximize student success. Additionally, teachers also participate in monthly staff meetings with a training component, school community building, and robust communication at the school level. During the school year, teachers participate in two full professional development days. These days are a combination of site-based and district-developed training opportunities focused on current initiatives. In this school year, we also expanded our Classified Management leadership training sessions and site leadership training series on topics such as understanding student discipline, investigations, IEPs/504s and SSTs, school budgeting, safety procedures, and essentials for working in early childhood learning environments. New teachers continue to have the opportunity to clear their credentials through the district’s Induction Program. This program takes them through a rigorous and reflective learning process with the support of an MVUSD mentor teacher. All teachers who are new to the district also receive training to learn about our key focus areas, as well as district expectations and procedures. Teachers receive training on new curriculum that is adopted for the grade level and/or subject area they teach.
