Dr. Andrus spoke about the benefits of inter-district transfers and how the district manages transfers to maintain stable schools and consistent program offerings.

Demographers, Andrew Bishop and Karen Jackson from Woolpert presented enrollment projections and the effects of the ongoing and future developments on district facilities. They detailed the boundary realignment planning process and further explained each phase as follows:

- A redistricting committee will be formed from community member applicants.
- The committee will develop scenarios which would take into account transportation, transfers, portable placement, and future school sites.
- The scenarios will be presented in community meetings and assessed via surveys.
- The final recommendation will be a product of a work session with the District Administrative Team and then the final report will be presented to the Board for review and approval.

5. Public Comment regarding Meeting Agenda Item
